When a market is designated by the Secretary, he shall give public notice of the fact and in such public notice he shall specify the date on which the requirement of inspection and certification of tobacco sold at auction on such market shall become effective. The Chief of Bureau may temporarily suspend the requirement of inspection and certification on a designated market when it is found impracticable to provide such service because competent inspectors are not obtainable or because the quantity of tobacco available for inspection is insufficient to justify the cost of such service.

Par. 4. Filing and tabulation of votes.—Each ballot, when filled in and signed by a grower entitled to vote in a referendum, shall be mailed or delivered by him as specified in the ballot. In verifying votes, ballots which do not show the desire of the voter, or ballots which are defective or illegible, or ballots on which the signature or other identification does not correspond with the list established from the records of the collectors of internal revenue shall not be counted. The choice of any individual voter shall not be divulged by any official of the Bureau, except to the Secretary when requested. offered for sale at auction by him on such market.

Sec. 8. Changes or alterations.—No change or alteration shall be made, in the weight or other identification of the lot, on a mandatory inspection ticket after the certification of type and grade by an official inspector, and any such change or alteration shall constitute and be construed as a change or alteration in the certificate issued or authorized under the act.

Sec. 9. Disposition of ticket.—One copy of the mandatory inspection ticket shall be attached to, or placed on, the tobacco certificated as a further identification of the lot and all copies of such ticket shall become null and void when such identifying copy is removed from the lot. One copy of such ticket, showing (1) the certification of type and grade; (2) the weight and other identification; and (3) the details of the sale at auction, shall be delivered by the warehouseman to the Bureau or the local head inspector.

The appeal shall be accompanied by the certificate or sample from which the appeal is taken, unless such requirement is waived by the Bureau when it is impracticable for the appellant to furnish such certificate. The appeal inspector may require the appellant to furnish any other relevant and necessary information for the proper consideration of the appeal.

SEC. 3. Record of filing time.—When an appeal is filed, the date and time

of filing shall be recorded by the officer receiving it.

The Bureau may authorize an inspector, supervising inspector, or other person to act as an appeal inspector, but no appeal inspector shall pass upon an appeal involving the correctness of a certificate

issued or sample prepared by him.

Sec. 9. Appeal findings.—Immediately after an appeal has been heard and the tobacco involved therein has been reexamined, an appeal certificate shall be issued or an appeal sample prepared by the appeal inspector. Such certificate or sample shall show the finding of the appeal inspector and shall be labeled "Appeal Certificate" or "Appeal Sample", as the case may be, over the signature of the appeal inspector. An appeal certificate or sample shall supersede all other certificates or samples for the same lot of tobacco and shall refer specifically to the certificate or sample from which the appeal was made. In all other respects the provisions of these regulations relative to certificates or samples shall apply to an appeal certificate or sample. The findings of the appeal inspector as certificated shall be final, unless the Chief of Bureau shall direct a review of such findings.

Sec. 10. Superseded certificate or sample.—When superseded under these regulations by an appeal certificate or an appeal sample, such superseded certificate or sample shall become null and void and shall not thereafter be used to represent the tobacco described therein. If the original and the copies of the old certificate were not delivered to the appeal inspector for cancelation, the appeal inspector shall notify such persons or firms as he may consider necessary to prevent fraudulent use of any such null and void

certificate.

Any such duplicate certificate shall be plainly marked "Duplicate" above the signature of the supervising official who issued it.

SEC. 4. Inspection determinations.—The determination of type, grade, size, form, condition, or other tobacco characteristics shall be based upon a thorough examination of the lot of tobacco to be certificated or an official sample of such lot. Sec. 5. Method of sampling.—In sampling tobacco under the act, at least three breaks shall be made at different points in the lot, and in the discretion of the sampler as many more breaks shall be made as seem necessary to show the range of the entire lot. sealed thereon with an official sample seal approved for the purpose by the Chief of Bureau.

The designation of an appeal inspector may be withdrawn at any time by the Bureau. Before the license of an inspector, sampler, or weigher is terminated or revoked pursuant to the act and these regulations, such appointee or licensee shall be furnished by the Secretary, or his designated representative, with a written statement specifying the charges, and within 7 days after his suspension, the licensee may file an appeal in writing with the Secretary supported by any evidence he may wish to offer in connection therewith.
